PASTEL: DECEPTION IN THE INVASION OF JAPAN (PAPERBACK)**DOWNLOAD**

Independently Published, United States, 2019. Paperback. Condition: New. Language: English. Brand new Book. In 1945, to end the Pacific war, American strategic plans foresaw an invasion of Japan's heavily defended home islands. Operations Olympic and Coronet, America's proposed landings on Kyushu and the Tokyo Plain, were the largest amphibious invasions ever planned. Although precluded by war's end, preparations for both were extensive. To gain the element of surprise, Washington and theater planners developed Operations Pastel and Coronet Deception, deception operations designed to convey to the Japanese a false story of when the actual assault landings would occur. In Pastel: Deception in the Invasion of Japan, Dr. Thomas M. Huber reveals the contents, origins, and effects of these two comprehensive, coordinated deception plans as they related to the scheduled invasion of Japan. He also provides the Japanese perceptions as the plans unfolded. This special study reminds us of the vital role of deception in operational planning.
